

# 索引

原文の索引を付けたところで、どれほど利用価値があるのか分かりませんが、結構な労力を費やして完成させましたので、必要があれば使ってみてください。なお原文の索引にはセクション番号だけではなく、セクション内での段落数も書かれていました。その情報は翻訳により意味を失ったと判断しましたので、省略させていただきました。

注意：索引が参照しているのはページ数ではなくて段落の形を使っています。例えば"3.3.4"というのは小見出しのセクション"3.3.4"を参照しています。この索引方法は読者にいくらか余分な労力を課することになることを認めます。これはこの論文の出版を早める目的で採用した方法です。この段落参照が引き起こす不便さがあまり大きくなく、そして索引の有効性を減らすことのないよう願っています。
